R U N N E L S   C E N T E R

*Welcome to SKIN! Whether you want to turn back the clock or simply hold Mother Nature at bay, the professionals at SKIN will customize a treatment plan for your skin's specific needs that will have you looking healthy, more youthful and rejuvenated.*

## **INJECTABLES**

A LADY NEVER TELLS HER AGE AND NEITHER SHOULD HER SKIN.

### *Botox*

Commonly used to reduce or eliminate the appearance of fine lines and wrinkles on the forehead. Botox relaxes the muscles you use, giving you a more youthful look.

### *Juvéderm*

Instantly restores your skin's volume and smooths away deep lines and facial creases. The results are immediate with minimal downtime.

### *Voluma XC*

Instantly adds volume to your cheek area. It can provide you contour and a subtle lift for up to two years with optimal treatment.

### *Kybella*

Contours moderate to severe fat below the chin. This naturally-occurring molecule breaks down fat. Once your goals are achieved, ongoing treatment is not expected.

### *Volbella*

Provides an improvement in the lip contour, boosting volume, smoothing vertical creases, and achieving symmetry – all in a single treatment.

### *Brilliant Distinctions® Rewards*

Earn points each time you receive Juvéderm,® Botox® treatments or purchase Latissé.®

## **CUTERA LASER TREATMENTS**

RESULTS AND RECOVERY IN DAYS VS WEEKS WITH OUR LESS INVASIVE & LESS COSTLY PROCEDURES

### *Pearl Fractional*

An ablative laser treatment that aggressively targets deep wrinkles, acne scars, fine lines, brown spots, sun damage and uneven skin tone and texture. The Pearl Fractional penetrates beneath the skin's surface to purge damaged skin. This stimulates the body's own natural healing process which replaces damaged skin cells with new, healthy ones, leaving your skin smooth, even-toned and younger. Most clients see dramatic improvement after just one treatment.

### *Laser Genesis*

A non-ablative laser treatment that significantly improves the appearance of fine lines and wrinkles, large pores, uneven skin tone, redness and scars. Results are achieved by gently heating the dermis below the skin's surface and stimulating collagen production. This treatment will promote vibrant and healthy looking skin with no downtime.

### *Limelight*

A non-ablative laser treatment that is ideal for brown spots, redness and other imperfections of the face, neck, hands and chest. Uneven skin tone and signs of sun damage can be reversed with minimal downtime, leaving you with more youthful, even-toned skin.

### *Laser Vein Removal*

The Cutera CoolGlide vascular laser can safely and effectively treat both superficial spider veins on the face and deeper blue leg veins with minimal discomfort.

### *Laser Hair Removal*

The Cutera hair removal laser removes unwanted hair on the face or body and is safe for all skin types. A series of 6-8 treatments is recommended to disable all of the hair follicles in a given area.
